

Amity University organized the prestigious 'Virtual India Immersion Program'

Dated 09th August 2021

International Affairs Division of Amity Education Group headed by Prof. (Dr.) Gurinder Singh, Group Vice Chancellor, Amity Universities, who is an exponent for re-engineering process and bringing about new dynamics in quality education at global footprint. Through his incessant drive to provide new dimensions to the world in the pandemic times, he has been instrumental in taking Amity to the world and getting the world to Amity. Under the dynamic leadership of Prof. Singh, International Affairs Division, has been successfully organizing the 'India Immersion Program' (IIP) and yet again this time we had an exciting Virtual Immersion Program joined by another set of enthusiastic students from United Kingdom.

IIP is a unique program, for overseas participant students and faculty, tailored with the purpose of providing an insight into India and the Indian way of life focusing on a three-way orientation for the students which is academic, cultural & industrial perspective. This program has been designed and open to all students of any field with the objectives of providing a concise but concentrated exposure on various aspects of India and how India does things, whether it is business, economy or science or law etc.

The current 2021 session of IIP, spread over 5 days, began with an enthralling inauguration boosting students from University of Sheffield, University of Roehampton, and Keele University, across various disciplines.

The session was also graced by the Chancellor of Amity University, Dr. Atul Chauhan, whose encouraging words of wisdom and excellence have instilled immense inquisitiveness amongst our global explorers, touring India.

Amity University is being ranked India's top not-for-profit private university by India Today consecutively for last 5 years and has been ranked among the top universities

globally by QS University Rankings and Times Higher Education. The institution has 23 campuses across India and 13 international locations with over 175,000 students enrolled across 300+ programs.
