Subject:

Dear Dr Sohal

It was a very nice discussion with you on the phone. As was discussed we can immediately start collaborative research work on Diagnostic Kit developments. Let us generate proof of concept for diagnostic kits and then we can submit joint research proposals to different agencies.

To initiate, we will send our employee Ms Shalangi Gupta. She can discuss with you the joint research and start work in your lab. And then she can continue to work in our lab. We will pay her hostel charges for the period of the stay.

Also, we propose entering into MoU. The MoU will facilitate the joint research as well as consultancy work with you.

Thanks and Regards
