SDG13: Climate Action

University is actively participating in National and International committees and working groups which are relevant to climate abatement mission and creating awareness amongst stakeholders. University has its own Climate Action policy under which we use low carbon energy which is the need of the hour and educate its stakeholders through local, regional and international programmes. University is well connected with local and national bodies, NGOs for climate action plan. AIB, AIMT, COAST, ASET, ABS, ALS Faculty members and Ph. D. Scholars are executing R&D related to climate which is global threat and need priority intervention.

University executes its green audit by external agency, mitigate the gaps and moving towards carbon neutral campus.
