## DRIVING EXCELLENCE AT AMITY JAIPUR

Class 10th % : 93.1 %

Amity 12th % : 96 %

Amity Scholarship : 100%

Career Gateway : Cohn&Wolfe | 6°

Amity has always been driven by the vision of Dr. Ashok K. Chauhan to develop and groom the next generation of leadership in organisations, communities and society at large. To achieve the vision, the Amity scholarships were instituted to help those who excel in academics and deserve world class education but don't have the means.

At Amity, we believe in rewarding the hard work and excellence achieved by meritorious students in their academic endeavors. The Amity Scholarships have been introduced to encourage the talents of such students, thereby strengthening the foundation of our future generation, a small step towards the collective goal of making India the knowledge superpower of the world.

The Regulations on Scholarships, Awards, and Medals & Special awards have been issued under which the following diverse scholarships are offered to the students:

#### **4.1 ON ADMISSION MERIT-SCHOLARSHIP**

The University provides scholarships while inviting applications for admission from the meritorious candidates to a program after passing 10+2, Graduation or such other qualifying examinations prescribed by the University.

#### **4.2 MERIT-SCHOLARSHIP: DURING A PROGRAM**

In order to encourage the students to achieve higher performance during their studies in an academic program, the University offers merit scholarships to students in recognition of their academic achievements in the concerned program of study. These Scholarships are awarded at the end of first year on the declaration of the first year result and renewed each year thereafter on the basis of academic performance at the end of each academic year.

#### **4.3 MERIT-CUM-MEANS SCHOLARSHIP**

The University has also instituted the Merit-Cum-Means (MCM) Scholarships for deserving students who are academically good and need financial assistance to pursue their studies at the University. These scholarships are granted for the first year of a program and are reviewed each year.

### 4.5 DR. ASHOK K. CHAUHAN SCHOLARSHIP

Our founder president is a man with great vision and a will made of steel. From the beginning he converted his youth into his strength, coupled with his mature perception, a native tenacity and extremely industrious nature. Success followed his footsteps as he heralded a new era in the field of education.

This same vision has led him to promote meritorious students by giving them scholarships. The Dr. Ashok K Chauhan' 100% Scholarship is awarded to the meritorious student of each program. The scholarships have been very aptly named after the Hon'ble Founder president.

## 5.2 COURSE PREPAREDNESS OF FACULTY

University’s Quest for Excellence, desire to bring global trends in the curricula and extensive use of IT enabled teaching and learning practices, has resulted in preparing students with well honed skills compatible with the Global Market.

At Amity, Quality Teaching is fostered with the use of innovative pedagogical techniques to produce learning outcomes for students. It involves several dimensions, like the effective design of curriculum and course content, a variety of learning contexts (including guided independent study, project-based learning, collaborative learning, experimentation, etc.), soliciting and using feedback, and effective assessment of learning outcomes. It also involves well-adapted learning environments and student support services.

Fostering quality teaching is a multi-level endeavor at Amity. Support for quality teaching is practiced and monitored at three interdependent levels :

- **Individual level** - including initiatives that help teachers achieve their mission, encouraging them to innovate and to support improvements in student learning and adopt a learner-oriented focus.
- **Program level** - comprising actions to measure and enhance the design, content and delivery of the programs within a department or a school.
- **At the institution level** - including projects such as policy design, and support to organisation and internal quality assurance systems.

Amity prepares students for entry to an environment that is characterised by greater uncertainty, speed, risk, complexity and interdisciplinary working and equip them with appropriate skills, knowledge, values and attributes to thrive in it. There is a strong drive to build and create knowledge together with an understanding of working life and reformulate the concept of knowledge in learning situations. Strong connections with working life through different academic projects provide authentic opportunities to learn both generic and professional competencies as well as to build networks and pathways for employment after graduation.

The salient points of the pedagogy are :

1. Detailed Course Delivery Plan

- a. Learning objectives of the course.
  - b. Continuous assessment scheme, i.e. components, schedule and feedback.
  - c. Common thread through the course objectives, syllabus, pedagogy and the assessment scheme.
  - d. Listing topic wise allocation of sessions.
  - e. List of text and references (numbers and quality).
2. Power Point Presentations for all the sessions (1 credit course requires 10-12 hours of teaching and for one-hour teaching, ideally 6-8 slides).
3. Other Teaching Material
    - a. Teaching notes and material in addition to the prescribed text.
    - b. Guidelines on short projects.
    - c. Write-up on term paper.
    - d. Relevant articles and papers.
    - e. Tutorial sheets, as defined in the program structure.
    - f. Experiments to be carried out in labs, their objectives and methodology.
    - g. Use of videos/ films, including the objective to be achieved.
  4. Making the Course Practice Oriented
    - a. Field/industry visits, their planning, objectives and summary report leading to evaluation.
    - b. Projects.
    - c. Case studies and other exercises.
    - d. Guest lectures/panel discussions.
  5. General guidelines for students regarding attendance, punctuality, meeting the deadlines, chamber consultation hours, prior self-study to be undertaken etc.
  6. Finally the efforts are made to judge how much rigor the course has created for the students. In a professional program, normally the mandate is that a student has to put in 2-3 hours of self study for each hour of classroom teaching.

## 5.3 SYSTEM OF EDUCATION

### Semester System

Amity University follows a semester system, which is in conformity with the global practices and standards. The Course curriculum of one year is taught in two semesters, i.e. 17-18 weeks each. The Semester system promotes greater interaction between faculty members and students and permits more meaningful term paper and research assignments.

## **Grade System**

The level of students' academic performance is the aggregate of continuous evaluation & the end term examination and is reflected by letter grades on a Ten Point Scale. Letter grades (A+, A, A-, B+, B, B-, C+, C, F) have points associated with them in quantified hierarchy and have qualitative meaning. Semester Grade Point Average (SGPA) & Cumulative Grade Point Average (CGPA) are calculated based on the students' performance in Semester(s) & overall performance, respectively.

Amity University follows Absolute Grading as well as Relative Grading depending upon the strength of students in a particular program & batch. Students are required to maintain minimum SGPA & CGPA to pass a semester and promotion to the next semester and qualify for Degree/Diploma.

## **100% Attendance**

Every student in Amity University is required to achieve 100% attendance in all the Lectures, Tutorials and Practicals and Seminars arranged for the respective course during the semester. However, a relaxation up to a maximum of 25% is granted in case of contingencies. A minimum of 75% attendance is required to appear in the examinations. 100% attendance criteria ensures academic excellence, disciplinary approach and growth of the student.

## **Internal Evaluation System**

The scheme of examinations & evaluation is one of the most important components of judging the academic performance and development of the students. Therefore, in Amity, the students are assessed at regular intervals. 30% weightage is given to continuous/internal assessment in a semester wherein 3-4 evaluation components with weightages are defined. It covers Class Test, Viva, Quiz, Case Discussion /Presentation /Analysis, Home Assignment, Project, Seminar, Term Paper, Attendance etc.

## **5.4 CURRICULA & SYLLABI**

The detailed course curriculum of all the programs in Amity University is reviewed at regular intervals as per the industry requirements. For this, many points are considered such as feedback reports on the placements, employability of the passed out students, latest developments in the technology, statutory compliances of various bodies, etc. The course syllabus is first examined and evaluated by an expert committee which is then reviewed by the Board of Studies of the institution for recommendations to the Academic Council for approval.

The Program Structure is prepared for each Program that includes a semester-wise course (core and electives) to be taught, any internship to be undergone, project/dissertation as per requirement of the program curricula. Each course contains details of the course code, classroom hours, practical/lab classes, tutorials, self-study hours and credit units.

The credit units attached to each course are defined in terms of contact hours, i.e. Lectures (L), Tutorials (T) and Practicals (P). Towards earning credits in terms of contact hours, 1

lecture and 1 tutorial per week are rated as 1 credit each and 2 practical hours per week are rated as 1 credit. In a full-time degree Program, a student is required to earn on an average 25-30 credit units per semester. The credit units attached to Summer Internship/ Training (8-10 weeks), fieldwork etc. are included in this total.

As a mandatory requirement, 'Boards of Studies' are constituted for each Institution after approval of the President for the structuring of Academic Programs, viz. framing of Curricula, Syllabi, and Scheme of Evaluation, etc..The Various Boards of Studies hold their meetings and after rigorous scrutiny, the course structure and curricula of the Academic Programs offered are implemented with the approval of the Academic Council.

## 5.5 CHOICE BASED CREDIT SYSTEM

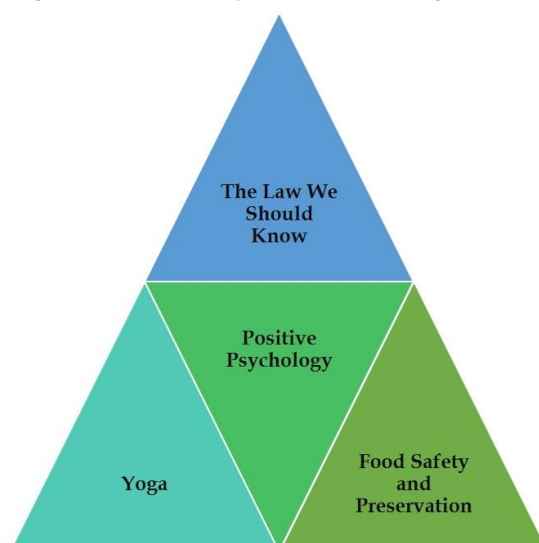

In accordance with the guidelines of the University Grants Commission, Amity University has implemented the Choice Based Credit System (CBCS) programme in which the students have a choice to choose from the prescribed courses, across the courses being offered by the University, which are referred as core, elective or minor and they can learn at their own pace and the entire assessment is graded-based on a credit system.

The basic idea is to look into the needs of the students with the aim to keep themselves up-to-date with development of higher education in India and abroad. CBCS aims to redefine the curriculum keeping pace with the liberalisation and globalisation in education. CBCS allows students an easy mode of mobility to various educational institutions spread across the world along with the facility of transfer of credits earned by students.

## 5.6 VALUE ADDED BASKET COURSES

Value Added Basket Courses (VABC) intend to develop personality and communication skills of the students. These courses add something extra to the students' qualifications which give them an edge over their counterparts. The student chooses courses according to his/her interest & career goals, discovers the latent talent & capabilities and encourages creation and innovation. Syllabus of the VABC program has been designed on the concept of modern teaching methodologies, such as objective, learning outcome and methodology.

Following **04 VABC** have been offered as an option in the 2017-2018 sessions :

Amity has always enjoyed special preference of Indian as well as foreign recruiters on account of its students' excellent performance sustained over a long period of time and its strong brand image. To remain competitive in today's world, being adept in one area will not suffice. One has to be familiar with other domains too. Amity's has a multi faceted association with over 50 TOP Companies and is constantly involved in bringing reforms in regular course curriculum updating to meet the requirements of the environment. Notwithstanding these steps, industry participation has been made an integral part of the Board of Studies. Inviting Guest Lectures to polish their soft skills, organise summer internships and projects makes us different and unique from others.

At present there is a great demand for knowledgeable, talented and devoted people in the market. The Corporate Resource Centre (CRC) at AUR, Jaipur is in place with the aim of guiding and helping the students to get deserving placements in the required field. CRC provides placement assistance to the students of technical programs of all Amity Institutions. The corporate Resource Center is a unique concept and one of its kind in India in bringing the Industry and academia close to each other and provides need based education and organization support. It has the task to organize in-campus interviews for student placement and training.

CRC organizes corporate guests lectures and industry interaction. The CRC's goal is to make every student of Amity a success story by helping them become ethical leaders who can manage and lead change across diverse organizations. It works with the students to make them Industry fit and Industry relevant. The CRC is manned by professionals from the corporate world who bring with them rich Industry experience. This helps them understand Industry requirements in terms of skill sets and attributes.

The ability of Amity students to think out of the box solutions for uncommon problems makes them ideal for such industries. Over the years, the market for the Institute's students has remained bullish, as freshly placed recruits continue to deliver on their promises and satisfy their employers.

Amity University, Jaipur has a very strong Corporate Resource Centre, which works round the year for :

- Placements
- Industry visits
- Panel Discussions
- Internships
- Guest Lectures
- Alumni Relations

## PLACEMENT PROCESS FLOW CHART

The year 2017-18, saw leading multinationals and top Indian companies, visiting the AUR campus for recruitment of AUR students. To name a few MNC's like, IBM, Ericsson, British Telecom, Volvoline, UAE Exchange, Capgemini, etc. conducted recruitment process. Leading Indian companies with global footprints like Airtel, Axis Bank, Reliance, HCL Technology, Wipro, Tech Mahindra etc. recruited AUR students.

In the current year (2018 pass out), despite rather difficult economic conditions and the job market scenario, it is indeed encouraging that companies have looked at and visited AUR for campus recruitments. 352 placements, i.e. 82.43% of the eligible students have been recorded for 2018 pass out batch as on June 30, 2018 and the efforts are on for the placement of the remaining pass out students. As per communication and active interface with many more leading companies, the University expects these companies to conduct recruitment in the next few months.

## 7.1 WORKSHOPS, GUEST LECTURES, OTHER EXTRACURRICULAR ACTIVITIES & EVENTS

**Professional/ administrative development program organized for the teaching staff/ non-teaching staff**

Dates	Title of program
4th to 8th Sept 2017	Induction program for new Teaching Members
11th April, 2017	Organized One day series of Guest Lectures and a workshop on "Advance techniques in Protein purification & Workflow of AKTA START system" organized at Amity Institute of Biotechnology (AUR) in collaboration with GE Healthcare Life Sciences
7th March, 2017	Organized a Guest lecture on "Food safety: Facts and findings" and a hands-on workshop on 'food adulteration and testing' at Amity Institute of Biotechnology at AUR in collaboration with CEG Test House And Research Centre Pvt. Ltd, Jaipur (NABL accredited)

3rd to 27th July	CCTV, Issuing of key, Traffic Control Parking - Administrative Training Program
8th & 28th August	Security Guard Training Program on Access Control, Visitor and Vehicles
2nd to 26th Sep	Security Guard Training Program on Control (DFMD, HHMD, UVSM, Turnstile Boom Barriers)
3rd to 25th Oct	Administrative Training Program- Guard Duties
2nd to 27th Nov	Security Guard Training Program on ID Card & Gate Passing checking & process
19th Sep 2017	Blue Whale Challenge - What Wardens Need to Know
26th July 2017	Training program on McAfee
7th Aug 2017	A one-day training program on "Safety & Precaution during Electrical Maintenance
21st to 25th Aug 2017	Administrative Training Program- Sports Duty

## July 2017
