## Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>University has successfully adhered with its pre-declared academic calendar and aligned its teaching - learning - evaluation (TLE) in accordance with continued covid - 19 pandemic. Later in the month of February - 2021 onwards few students have turned up and joined the semester face to face. University has converted its TLE from fully online to hybrid mode where remaining students have successfully continued their academics from respective hometowns. University has organised workshops / FDP's to train its faculty members for hybrid academics. This time we have organised laboratory experiments with these students in respective facilities and connected remaining students. Detailed Netiquette guidelines were prepared and all stakeholders were trained for the same.</p> <p>The online and hybrid academic experience was excellent for the faculty, since we were acquainted with ICT, it was not very difficult to switch to online teaching learning and then adopted hybrid mode.</p> <p>The work from home practice has provided opportunity to the research scholars and the faculty to adapt towards the digital mode for knowledge sharing. Members of the faculty utilized the lockdown period in promoting research in various ways, viz. submission of research proposals, writing and communication of research and review papers, literature reviews, data compilation and interpretation, writing patent applications, learning new software, exchange with peers, networking, fostering collaborations within and outside Amity world, organizing research webinars, working on fresh MOUs etc. The hybrid mode has opened the new academic window to cater the need of early joiners and industry interns to continue their academics.</p>
