### NOTICE

#### Ban on Cell Phones during Classes & Academic Events

All students are hereby notified that the university has decided to completely ban the use of mobile phones by students during classes and academic events. Mobile phones have become a major irritant during on-going classes as well as lectures & other events held in Auditorium/Designated venues.

Frequent ringing, message alerts, and usage during sessions disrupt the academic environment, distract students, faculty as well as guests, and undermine the decorum expected within the University. Such behavior not only hampers academic focus but also creates an unfavorable impression in the presence of invited guests and dignitaries.

Henceforth, a penalty/fine of Rs. 500/- will be levied, when found using mobile phones.

Strict action leading to suspension from classes may also be contemplated for regular offenders.

Dr. Nitin Bhardwaj  
Registrar
