## PREAMBLE

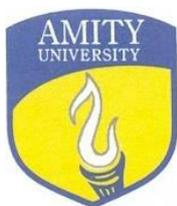

Amity University aims to achieve academic excellence by providing multi-faceted education to students and encourage them to reach the pinnacle of success. The University has designed a system that would provide rigorous academic programme with necessary skills to enable them to excel in their careers.

This booklet contains the Programme Structure, the Detailed Curriculum and the Scheme of Examination. The Programme Structure includes the courses (Core and Elective), arranged semester wise. The importance of each course is defined in terms of credits attached to it. The credit units attached to each course has been further defined in terms of contact hours i.e. Lecture Hours (L), Tutorial Hours (T), Practical Hours (P). Towards earning credits in terms of contact hours, 1 Lecture and 1 Tutorial per week are rated as 1 credit each and 2 Practical hours per week are rated as 1 credit. Thus, for example, an L-T-P structure of 3-0-0 will have 3 credits, 3-1-0 will have 4 credits, and 3-1-2 will have 5 credits.

The Curriculum and Scheme of Examination of each course includes the course objectives, course contents, scheme of examination and the list of text and references. The scheme of examination defines the various components of evaluation and the weightage attached to each component. The different codes used for the components of evaluation and the weightage attached to them are:

<u>Components</u>	<u>Codes</u>	<u>Weightage (%)</u>
Case Discussion/ Presentation/ Analysis	C	05 - 10
Home Assignment	H	05 - 10

# DISSERTATION

**Course Code BPS 604**

**Credit 09**

Research project experience is as close to a professional problem-solving activity as anything in the curriculum. It provides exposure to research methodology and an opportunity to work closely with a faculty guide. It usually requires the use of advanced concepts, a variety of experimental techniques, and state-of-the-art instrumentation. Research is genuine exploration of the unknown that leads to new knowledge which often warrants publication. But whether or not the results of a research project are publishable, the project should be communicated in the form of a research report written by the student.

## **Credit 1**

- Introducing to the research , discussing the basics of the research, deciding the topic

## **Credit 2**

- Discussing the making of questionnaire and collection of primary data

## **Credit 3**

- Discussion on review of literature

## **Credit 4**

- Analysing the progress

## **Credit 5**

- Discussion on data collection and data analysis

## **Credit 6**

- Progress report

## **Credit 7**

- Chapterization

## **Credit 8**

- Discussion on loopholes if any

## **Credit 9**

- Progress report before final submission

*Essential Readings -*

*The students shall be provided with proper and sufficient reading and learning material for the course. The students shall be provided proper guidance regarding what and how resources can be reached. They shall be given required links to e- libraries and access to offline libraries.
