National Workshop

Behavioural Safety in Education Sector

Organized by SNDT Women's University, NSC, NITIE, Forum of Behavioural Safety on **7th Jan 2022, 11am to 1 pm**

Dear Sir, Madam

Forum of Behavioural Safety is promoting safety culture across societies as long-term planned intervention of behavioural science under the mission Bharat Bane Surakshit (BBS). Towards this objective, we are conducting an online free 2-hrs behavioural safety workshop for students, faculty members, counselors and parents across the country.

What is expected of each of the citizens through the national Forum is to contribute just an observation for less than 5 minutes a day and speak up for spot-correction of any at-risk behavior daily around oneself on the road, at home, at office and so on, to develop a culture of caring as a big brother / sister of safety culture in India. **Hope this is convenient for all to act upon.**

Workshop Title: "Developing and Implementing Longterm Behavioural Safety Supportive Culture in Educational Institutions, Families and Communities"

A reference article is attached in this regard. Please refer to page 77 to read an article "Educational Institutions Need to Focus 'Health and Safety' More Efficiently as Covid19 Reminded".

We did a similar workshop for Amity University across India.
