## GOAL 2: Zero Hunger

### Initiatives by AUM

Amity University Mumbai has taken initiatives time to time by distribution of the food packets during the Covid-19 lockdown. AUM is also having vision to include the teaching, research, innovation activities focusing malnutrition, to end hunger, increase agricultural productivity, strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality. AUM has also going to focus on the maintaining the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks.

The curriculum of the Bio-Technology at the AUM Campus and the Environmental Studies focuses on the food chain and its relation with the agricultural production. The EVS is compulsory subject at the Under Graduate programs at the Amity University Mumbai.

In the past, the student of the AUM has participated into the United Nations Fellowship program to contribute into the Zero Hunger.

### Canteen Facility at AUM.

The cleanliness, affordability, and avoiding the wastage of the food is the priority at the Amity University Mumbai Campus. There are sufficient number of food stations provided for the food requirement of the student, faculty, parents, and the visitors.
