GOAL 3: Good Health and Well-being

Webinar on World Cancer Day 04/02/2021

The focus of webinar was mostly to raise awareness and reduce stigma. Cure for Cancer seems to have become synonymous with a description of the impossible yet our medical, scientific and academic communities continue to carry the flame of wonder, curiosity and burning desire to find solutions. The solutions are varied in their application and effectiveness. An interesting field with immense impact. Guest speakers (Academicians) ignited young minds with their talks and experiences followed by question and answer sessions. The events were highly educational and interactive for students and participants as well faculties. We received great feedback from all participants stating they enjoyed the sessions and had an opportunity to witness and gain an understanding and importance of Biotechnology and its applications in the field of Cancer awareness, diagnosis and prevention.

The screenshot displays a Zoom webinar interface. At the top, the title "Zoom Webinar" is visible. Below it, there are three video thumbnails for participants: Dr. Jaya Lakkak..., Dr. Dhananjaya S..., and Dr. Aparna Khann... A "Recording" indicator is present in the top left corner. The main content area shows a presentation slide titled "Cancer Incidence Worldwide" with a red banner at the top stating "Cancer burden: India's burden → 7.8% of global cases". The slide includes a world map color-coded by region, a bar chart showing cancer incidence by region, and text boxes with statistics: "World: 18.2 mil India: 1,354 mil 2025: 20.0 mil" and "Asia → 50% of New Cancer Cases → More than 50% of deaths". At the bottom of the slide, it says "IARC Estimates: Worldwide 1 in 5 males & 1 in 6 females → Develop Cancer 1 in 8 males & 1 in 11 females → Death due to Cancer". A "50th Anniversary CCAA" logo is also visible. On the right side of the Zoom window, a "Participants (105)" list is shown, including "Panelists (7)" and "Attendees (98)". A search bar is located above the list. The list includes names like Amit Bhansali, 0463fb73, 42_Ritessh, 8ad99a5e, A Karthic, Aditya More, Aishwarya J, Akash Gupta, Akhil Nair, and Alfiya Korbu. The Windows taskbar at the bottom shows the search bar, system tray, and date/time (ENG US, 10:21, 04-02-2021).

World Antimicrobial Awareness Week

AMISANTÉ Date: 23rd April, 2021 Friday

Amisanté is a combination of two words Amity and Santé; Santé translates to health in French. Which brings us to the Theme of the event "World Health Day". The purpose of the event was to educate our guest on various health issues such as Mental Health, Stress Coping Mechanism, etc. Social Committee had the wonderful opportunity to collaborate with Robin Hood Army, A Zero funds volunteer-based organization that has dedicated themselves in the service of underprivileged and they volunteer to educate children who don't have a lot of resources. Participants were evaluated on the bases of creativity, Relevance, Clarity, Time limit and Communication. We were fortunate to have Dr. Seema Unnikrishnan and Dr. Payal Sanan

to be our esteemed Guest and part of our jury panel. We were delighted by the presence of Ms. Khayati who was joining us on the behalf of Robin Hood Army. We had total 15 participants and 240 plus attendees.

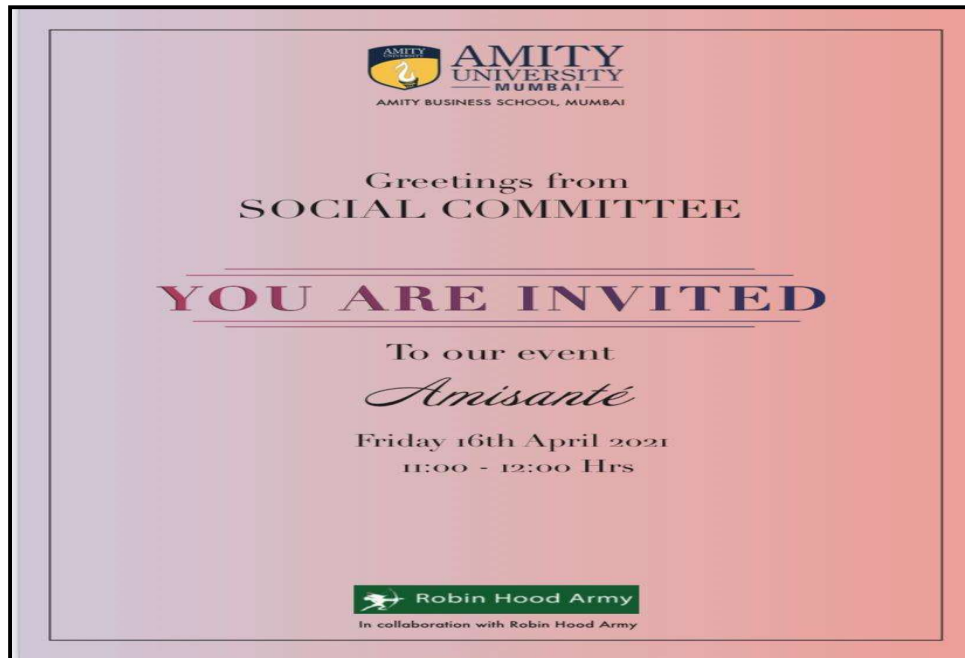

On 16th of April, 2021 on Friday at 11:00 to 12:00 through MS Teams, Social Committee Conducted an exciting event based of Situation Solving games, Words Search and A debate to conclude our competition. Our Competition was divided into three levels.

Level 1- Situation Based Game : Participants were given a situation which was reflected on the screen they had to answer those question on the bases of how are they planning to respond to those scenarios. Participants were requested to type their answer to their requested coordinators within the given time frame which were further evaluated by our panel of Jury.

Level 2 -Word Search : Participants were given a certain time frame in which they and the find words from the word search displayed on the screen. The Theme of our word search was based on disorders and phobias. Participants had to answer to their respective level coordinators. The one with most words wins the round and progresses to the 3rd level.

Level 3: Debate - For our Finale, Participants were allotted a topic they had to debate for the motion or against the motion. Topics were related to Health such as Euthanasia, Ayurvedic Vs Modern Medicine, etc. Participants were evaluated on the bases of facts and genuine arguments.

To conclude the event, we were graced by the words of wisdom from Ms. Khayati who had joined us for our event she discussed health concerns faced by the lessPrivileged. She encouraged us to join and be a part of Robin Hood Army. At the end of the event, Heartly congratulated the winners Ms. Alina, Ms Shabnam and Ms Yashika.

AMI-SOCIABLE

Date of the Event: 21st December 2021, Tuesday, Time duration: 03:30 PM to 04:00 PM. The Events is Kindness Quest, Giving in December, Organized by Students of Social and Human Values Committee. Total 107 Attendees, participants 02. The Objectives of the event is To let people share their experience. To develop understanding of social work in the world via pictorial interpretations. To Allow people to show the world through their eyes. The event was conducted successfully under the guidance of Dr. Bhavika Thakkar to understand the importance of social work and giving to those who are in need without seeking any benefit for ourselves. Live voting was done during the event through which the winner for the event was decided. The winner of the event was Devesh Goel, and it was announced by Dr. Bhavika Thakkar in the event itself. In the end the guests were very satisfied and gave a positive review. They found the live voting very engaging and actively participated in providing their opinion.
