THINGS TO LOOK BACK

Amity School of Architecture and Planning cultivates a dynamic learning environment, fostering innovation and professional growth. Recent highlights showcase the institution's commitment to excellence: students achieved notable success in Archiol competitions, including

second place in the **Material Matters Essay Competition**, and garnered honorable mentions in the Sensory Space Essay Competition. **Sangathan 24** energized the campus with athletic competitions and revived traditional games, strengthening community bonds. The batch of 2020-25 presented a compelling **urban design exhibition**, demonstrating their academic prowess. Industry engagement remains a priority, with site visits to projects like Orion and the Indian Habitat Centre and cultural enrichment through a National Museum visit. A collaborative program with Monash University provided in-depth analysis of the Yamuna Riverfront's evolution. The institution also distinguished itself at the 67th Zonal NASA Convention, receiving a Hunarkariti Trophy Special Mention and actively participating in diverse creative endeavors. Esteemed alumni shared entrepreneurial insights, and students gained valuable industry exposure through visits to ACETECH Exhibition and the HCL Campus. These experiences collectively contribute to a vibrant and enriching architectural education.

MESSAGE FROM THE DEAN

Amity School of Architecture and Planning (ASAP), Noida, under the aegis of Amity University Uttar Pradesh (AUUP), is one of the leading universities with a strong presence Nationally and Internationally. With more than a decade of its establishment (2005), the school has built a tradition of fostering excellence in technical education in the domain of architecture and planning industry. The mission of Amity School of Architecture and Planning is to serve the society through achieving pre-eminence in rational and sensitive thinking towards the built environment and acquiring knowledge of the state-of-the-art measures to resolve present and upcoming challenges faced by the domain industry.

The school adopts some unique strategies for the students to achieve best of the knowledge & experience in Amity, like vertical studios, collaboration with industry & academics, competition-based studio projects etc.

All the prospective students, we believe you to be a 21st century visionary for the built environment and welcome you in ASAP, Noida, where we together will bring a difference to the entire world.

Dr. Devendra Pratap SinghDean, Faculty of Architecture Planning & Design
Professor & Director, Amity School of Architecture & Planning, Amity University U.P.

INTER INSTITUTIONAL COMPETITIONS

INDUSTRY INTERACTIONS

@Industry Visit to HCL Campus, Sector 126, Noida

ASPIRATION

The institution fosters aspiring architects through strategic industry engagements. Visits to ACETECH Exhibition and HCL Campus, among others, provide invaluable exposure. These planned initiatives aim to bridge academic learning with real-world applications, enhancing student's professional development and architectural vision.

ALUMNI CONNECT

Esteemed alumni, **Ar. Archit Gupta, Mr. Hrishi Sharma, and Ms. Mansi Rawat** shared key entrepreneurial insights. Their expertise in architecture, e-mobility, and project management illuminated essential skills and strategies for student success.

CONVOCATION 2024

ICEIL 2024

HIGHLIGHTS

Our institute co-hosted an event under the **6th International Conference organised by Amity University Uttar Pradesh** on Entrepreneurship, Innovation and Leadership (ICEIL - 2024) on the theme **Leveraging Emerging Technologies for a Self-Reliant Nation.**

This experience provided valuable exposure to contemporary topics and offered students a realistic perspective on the architectural profession.

@6th International Conference on Entrepreneurship, Innovation and Leadership, November 2024

The institute's collaborative program with Monash University, Australia yielded a comprehensive analysis of the Yamuna Riverfront, meticulously examining its historical evolution, profound urban impact, and critical environmental sustainability.

GLOBAL IMMERSION GUARANTEE PROGRAM, AMITY UNIVERSITY & MONASH UNIVERSITY

The program, from Indraprastha to Delhi, analyzed the Yamuna's transformation and impact on the city's landscape and ecology. It also explored architectural theory, design practices, and provided industrial exposure, enriching student understanding of architecture's breadth.

@Sangathan prize distribution ceremony

BEYOND ACADEMICS

Dr. Kuldeep Kumar published a Book Chapter (Co-Author) on AI and ML Fundamentals A primer for healthcare professionals in Taylor & Francis.

Ar. Preeti Mishra, Ar. Snigdha, Ar. Luvditya Khurana presented the research paper in the 5 International Conference on 'Trends & Recent Advances in Civil Engineering' (TRACE-2024) held on 15 - 16 October, 2024 at Amity University Uttar Pradesh, Noida.

Ar. Preeti Mishra participated in Training Program on Manuals for Energy Efficient Retrofit of Existing Buildings organized by the Bureau of Energy Efficiency at India Habitat Centre..

@University Freshers

SITE VISITS

Department site visits, including **Orion and the Indian Habitat Centre**, offer critical firsthand architectural industry exposure. Students gain practical insights into spatial concepts and modern construction. A **curated National Museum** visit broadened their design perspectives through evolving art concepts. These experiences bridge theory with practice, cultivating professional aspirations and a comprehensive architectural education. By observing real-world projects and artistic influences, students develop a deeper understanding of design's multifaceted nature, equipping them with essential knowledge for their future careers.

NATIONAL MUSEUM VISIT
