## Message from the Vice-Chancellor

It is indeed heartening to know that Amity University Chhattisgarh is coming up with the second issue of its Newsletter. Academics is not just about classroom teaching and learning. Students must perpetually hone their inner skills by keeping abreast with the latest happenings which is taking place around the globe. I anticipate that the Newsletter will be a stimulus to encourage our students to organize and participate in various curricular and co-curricular events with zeal and gusto. It will provide a seamless platform to the young talents for exchanging ideas and manifesting their creativity. I will be looking forward to many more milestones that AUC will achieve with all the students and faculty members working hard as one team.

I wish the team all success.

**Prof. (Dr.) Rajendra Kumar Pandey**  
Vice-Chancellor, Amity University Chhattisgarh

## Message from the Editor-in-Chief

Here, we are with the second issue of the Newsletter “AUC News” i.e. October-December 2019. The present issue covers an array of important happenings from different schools of the university. The last three months have witnessed many prominent personalities like the former Chief Justice of India Justice Dipak Misra who visited our campus for the first edition of the Moot Court Competition, Dr. Sushil Trivedi, former Chhattisgarh’s State Election Commissioner graced the National Press Day Celebration in the campus and the Master Architect and Planner Christopher Charles Benninger also delivered a special lecture. As promised in the last edition, this issue also contains few creative pieces from the students end. It may not be possible to cover all the events and achievements of the university in a single issue but we have tried our best to incorporate all the major events in this edition.

My sincere thanks goes to the team of “AUC News” who compiled the reportages from different schools and presented in the newsletter style. Moreover, I extend my profound gratitude to our Hon’ble Chancellor Dr. W. Selvamurthand Hon’ble Vice-Chancellor Prof. (Dr.) R. K. Pandey for their continuing support in bringing out the newsletter.

# Three Day National Moot Court Competition at Amity University Chhattisgarh

**Never deviate from the path of Swadhyaya (Self Learning) : former CJI Justice Misra**

Amity Law School of Amity University Chhattisgarh, held its first three Day National Moot Court Competition with immense fervor, where 25 institutions participated from all over the country. The Moot Court is a place which is an exact set up of a trial room. Moot is not an extra-curricular activity but is a crucial part of law study. It gives a learning experience of how to speak and to understand the ethics of the court room. In the inaugural session for the three-day long competition, Prof. (Dr.) Rajendra Kumar Pandey, Vice Chancellor, Amity University Chhattisgarh addressed the gathering and shared that, in 21st century everything is very disruptive, and everything has changed in the digital era. He further added that, mooting is an art of persuasive receiving. He wished a great success to the participants. Hon'ble Justice T.P. Sharma, Pramukhlokayukta, and Former Judge, High Court of Chhattisgarh was the Chief Guest for the event. He shared that, 'Moot Court is nothing but a professional training which will enhance the hidden skills of the budding lawyers.' Honour' at the event. He laid emphasis on the three pillars of success that are strong dedication, sense of perseverance and high level of integrity which are paramount to become a successful lawyer. Hon'ble Justice C.B. Bajpai, President, State Consumer Disputes Redressal Commission, Chhattisgarh traced out the contribution Mr. Jatinder Cheema, Partner Cyril Amarchand Mangaldas, New Delhi, was the Guest of of SAA Rizvi in the field of law. The Moot Court Competition concluded on November 17, 2019. The chief guest for the valedictory session, Hon'ble Justice Dipak Mishra, Former Chief Justice of India said in his address to the gathering, "Never deviate from the path of self-learning". He further added that reading beyond the classroom would widen the horizon of students. Hence, self-learning is of paramount importance Justice Mishra in his concluding remark opined that 'Justice is the queen of all virtues'. Guest of Honour, Hon'ble Justice Goutam Bhaduri, Judge of High Court of Chhattisgarh laid emphasis on cultivating the reading habit in order to excel in life. Hon'ble Justice Sanjay Agrawal, Judge of High Court of Chhattisgarh said, "If you want to be a lawyer, you have to work extremely hard to stand out in the crowd". Hon'ble Justice Gautam Choudadiya spoke about the power of knowledge and participation of the various participants from across the country in the moot court competition; although one team could win but the spirit of participation rules high.

wisdom for the legal fraternity and students at large. Present on the dais Guest of Honour, Dr. Fouzia Mirza, Additional Advocate General said, "...winning or losing in this moot court competition is not so important, but participation and preparation matters a lot." On the final day, Prof. Pandey, Vice-Chancellor, Amity University Chhattisgarh emphasized on the outlook of. In the moot court competition, which was attended by 30 teams across the country with a total registration of 90 participants saw a brilliant moot court affair. The best researcher award was bagged by Sheetal Agrawal of KLE Society's law College, Bengaluru; best speaker prize was owned by Rumella Jain of Rajiv Gandhi National University of Law, Patiala; the best memorial award was given to Christ Academy Institute of Law; while runners up gone to Christ University Bangalore and Saveetha School of Law, Chennai was adjudged as the winner of the competition. All the faculty members, students and senior officials of the university were present on this occasion.

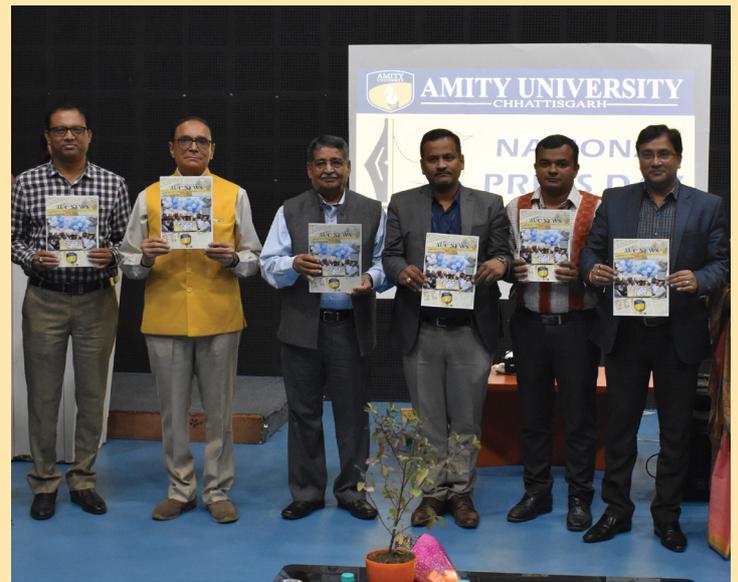

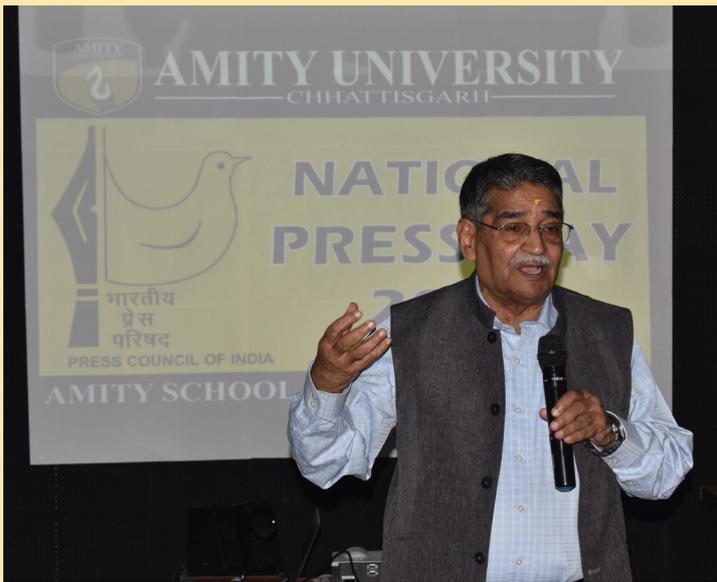

# Amity University Chhattisgarh Celebrates National Press Day

## ‘Press must borrow Self-discipline’ - Dr. Trivedi, Former CG State Election Commissioner

Amity School of Communication, Amity University Chhattisgarh celebrated National Press Day. The inaugural session commenced with lamp lighting by the chief guest along with Saraswati Vandana. Prof. (Dr.) S.C. Nayak, Head of Institution, Amity School of Communication delivered the welcome address. Dr. Sushil Trivedi (Retd. IAS) Editor, Chhattisgarh Mitra was the chief guest the event. He said, ‘Press must borrow self-discipline’. He added further that, ‘It is only you and you who can discipline yourself; no one else can force you to be disciplined. Self-discipline is of paramount importance for a Journalist to excel in the ocean of journalism. With the advent of smart phones,

everybody in today’s life is a journalist and editor.’ In his presidential address Prof. (Dr.) R.K. Pandey, Vice Chancellor, Amity University Chhattisgarh, said ‘...as individual freedom is increasing day by day; every individual is free. Never fear to speak out the truth. If you are brave, no one can stop you to achieve your desired goal’. The first newsletter of Amity University Chhattisgarh ‘AUC News’ was released by Dr. Trivedi in the presence of the Vice- Chancellor Prof. (Dr.) R.K. Pandey and other HoIs of various schools, faculty members and the students on this occasion. A documentary on Press Freedom, produced by the students of the media school was screened to the audience followed by a cultural event. Senior officials, faculty members and students were present during the event.

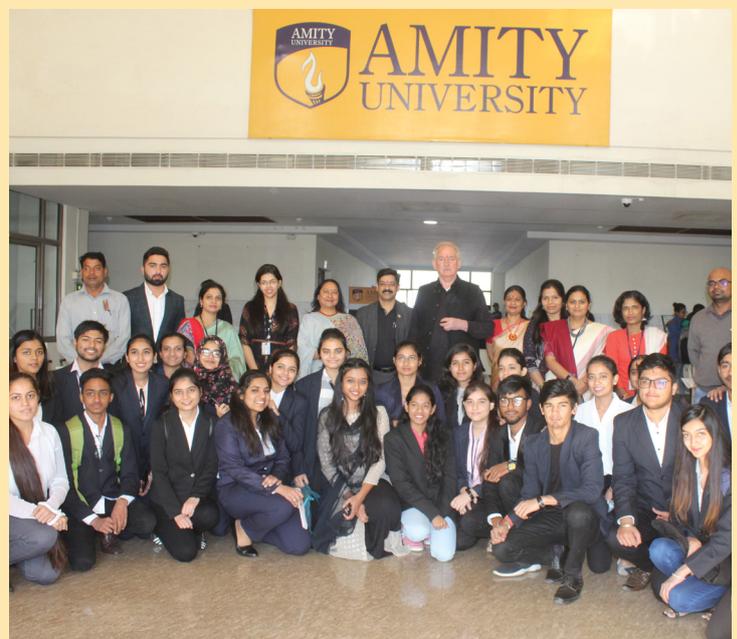

## Enrichment Lecture by Master Architect and Planner Christopher Charles Benninger Organized at Amity University

Amity School of Architecture and Planning, Amity University Chhattisgarh organized an enrichment lecture wherein Master Architect and Planner, Christopher Charles Benninger from Indian Institute of Architecture, Raipur chapter was the resource person behind this initiative. It was an interactive session where students and faculties of the Amity School of Architecture and Planning, NIT Raipur, ITM and Dignity College participated. The welcome address was delivered by Prof. Vidya Singh, Dean and Director of Amity School of Architecture and Planning, Amity University Chhattisgarh. In her address to the gathering, she talked about the architecture of India and role of an architect in shaping the society.

Ar. Christopher Charles Benninger in his lecture imparted distinctive information about the importance of thoughtfulness and commitment towards the architecture profession and values. He talked about how young architects and students can bring positive changes in society with their skills. He discussed his projects and gave insight about the details of his works. The session ended with an interactive Q&A session with the students.

## AIBAS and ABS undertakes Tree Plantation Drive

Climate change is a global phenomenon by which the entire world is getting affected. There have been various incidents happening all around the world which have been the fall out of our negligence towards our ecosystem. Prolonged summers, rainfalls, tsunamis and other natural calamities happening at such great extent, makes us realise that this is the high time to change things and take up some corrective measures. The recent event of the bush fires in Australia which can be considered as one of the major evidences of the global warming is heart wrenching, killing almost a half a billion animals and destroying most of its biodiversity.

Every little step taken by a person counts, at least trying our best and do something at our level which will be beneficial for our environment. On this thought, department of Amity Institute of Behavioural and Allied Sciences (AIBAS) took the initiative to look after the plants of the Amity University Chhattisgarh. The students of AIBAS visited the grounds of university campus as a part of their Environmental Science Project, the main objective being to adopt 2 plants each and nurture them.

The students of Amity Business School (ABS) had previously planted more than 200 saplings on the orientation day in the month of July 2019. So, the entire batch of AIBAS took responsibility to take care of at least 2 plants each. All the eighteen students reviewed and identified 2 plants for themselves which they will be looking after for the duration of their stay in AUC. This assignment was delegated to the students as an individual responsibility to make sure the plants survive and grow properly. They were asked to pick any 2 plants and measure them and make a note of it. They were instructed that they should record and assess the growth of the plant at a regular interval as it needs at least a year before it can be self-sufficient. Understanding that the current need of the hour is not only to plant more trees but also to maintain and take care of the existing trees. On this note every student took a pledge to be responsible and be actively involved with project they have taken up. Students of AIBAS made a promise to themselves to regularly visit the grounds and nurture these trees as well as take further measures to help make their surroundings eco-friendly by adopting more pro-environmental behaviours.

## Amity Business School

### Environmental Study Visit to Sensitize Students on Pollution

An environmental study, field visit was organised for Bachelor's degree students of ABS by the business school of the university. The field visit aimed to give them the knowledge of any ecosystem's natural resources. The objective of the field visit was to sensitize the students towards the pollution and the major pollutants, the Pond Ecosystem and the Forest ecosystem. The visit further targeted the field study by observing the abiotic and biotic aspects of the ecosystem and documenting what the students see. Students visited the stone crushers, Bangoli Dam and learned the Pollutants and Pond Ecosystem.

### Guest Lecture on 'Present Bank Mergers: The Consequences for The Indian Economy'

Amity Business School, Amity University Chhattisgarh organised a guest lecture on 'Present Bank Mergers: The Consequences for The Indian Economy' by Prof. Amiya Kumar Bagchi, Emeritus Professor, Institute of Development Studies, Kolkata and Adjunct Faculty, Monash University, Australia. The lecture was conducted for MBA, B.A. Economics (H) and BBA 5th semester students. The lecture's primary focus was to sensitise the students with the present bank mergers in India and its impact on the Indian economy.

### Workshop on Virtual Trading

Amity Business School organize a workshop on Virtual Trading in Collaboration with SEBI (Raipur Office) and NSDL (Mumbai) for the students of MBA and BBA. The objective of the workshop was to sensitize the students towards the advancements made in the NSE for electronic transfer of securities. The students were made aware of the DEMAT account and trading techniques, they also opened DEMAT Account in Sharekhan. In the workshop an insight was given to the students on the trading skills and techniques of trading.

# Amity School of Engineering and Technology

## Workshop on Web Designing and Amp; Java Script

Amity Institute of Information Technology organized a workshop to sensitize about the web development tools and programming and related technologies. The workshop started with basics about HTML and CSS and later discussed about Java Script and implementation of external and internal CSS style sheets. Java Script programming was further explained alongside implementation of Script tag in the HTML file, declaration of variables in Java Script, Data types used in Java Script, introduction to Bootstrap framework, grids in Bootstrap framework, introduction to bootstrap grid system rules, different grid classes for different devices and browser compatibility was discussed. Later, interactive practical was demonstrated on the various aforesaid topics.

## ASET's Industrial Visit to Sewage Treatment Plant

Amity University Raipur organized one day industrial visit. Students from third, fifth and seventh semester from Department of Civil Engineering of Amity School of Engineering & Technology (ASET) participated in the visit. The objective of the event was to make students understand the operations of a Sewage Treatment Plant. The experts present at the plant helped students to understand the correct and efficient construction design of the different STP units. The visit helped the students to visualize how theoretical concepts are related to real life problems. The plant visited by the faculty and students of the civil engineering department is situated at Nava Raipur Chhattisgarh

## ASET organized a workshop on strengthening programming skills using C and C++.

The workshop aimed to familiarize the students with concept of programming. Various loops, operators' data types were dealt with during the workshop. Also advanced concepts like file handling, graphics programming and pointers were discussed in detail. Students were briefed with the introduction to programming and C/C++ followed by basic operators and data types in C/C++ including files pointers and user defined data type.

## ASET Organize Expert Lecture on Quality Control

Amity School Engineering & Technology (ASET) successfully organized an expert lecture on Quality Control at Amity University Chhattisgarh wherein Er. Shoaib Ali of Sharda Group given his expert talk. Mechanical and Civil Engineering students of first, third, fifth and seventh semester were the participants in the said lecture. The expert lecture was organized with the objective to make students familiar with the concept of quantity and quality control in production domain. The workshop successfully helped the participating students to gain knowledge about various types of equipments and machines used in quality control and allied concepts.

# Amity School of Fashion Technology

## Inter-School Rangoli Competition Organised by ASFT

Keeping the tradition alive, on the eve of Diwali festival, a Rangoli making competition was organized at Amity University Chhattisgarh by ASFT with great enthusiasm and fervor. More than 70 students participated in the competition where the students displayed their talents by decorating the corridors with vibrant colors, intricate Rangoli designs and various other embellishments. Every Rangoli was made with spectrum of colors reflecting various emotions and social messages on the topic 'Breaking Barriers'. Faculty, students and staff members were there to make the event successful. AIBAS Ist Semester secured first, ASET -CSE Ist Semester secured second and ASFT IIIrd Semester secured the third position in the competition.

## One-Day Fashion Exhibition

Amity School of Fashion Technology(ASFT) organized one-day Fashion Exhibition at Fashion Studio. Students of ASFT designed various ranges of garments and accessories for male and female Executive Wear, Maternity Wear, Western, and Traditional Wear and Button Masala draped garments. Students exhibited the garments and accessories made by waste and old jeans, shirt, and lady top, and sweaters. The hand bags were made by old and waste garments with a message to avoid plastics for the sake of healthy environment. Hon'ble Vice Chancellor along with the Directors, HoIs, faculty and staff members and students of different schools visited the exhibition and appreciated the artistic and creative work of the students of ASFT.

## Display of Khadi Garments Designed by ASFT in Rajyotsav-2019

The khadi garments designed by the students and the faculty of Amity School Fashion Technology (ASFT) were displayed in Rajyotsav 2019 at Govt. Science College Ground, Raipur. The designs were appreciated for innovation and creativity. Traditional and contemporary, both the designed garments were on demand and sold too. The venture was to promote khadi fabric and the creative designs of the students of ASFT.

## One Day Workshop on Mandala Art

One Day Workshop on Mandala Art was conducted by ASFT on 6th November 2019. The workshop was conducted by Ms. Saloni Jain, Mandala Artist. She had demonstrated Mandala Art; it is a graphic symbol of the universe that loosely translates to mean "circle" or "center". When working with patterns in a concentric fashion, it becomes rhythmic, meditative and you can really allow stress to fall away. Students, faculty and staffs of ASFT attended the workshop

## Amity School of Languages and Amity School of Fashion Technology

### Guest Lecture on Testing and Quality Control in Textile Industry

ASFT organized a guest lecture on “Testing & Quality Control in Textile Industry” at the fashion school by Mr. Purneshwar Rangari, Principal at Indian Institute of Handloom Technology, Champa, Chhattisgarh. The speaker threw light on the correlation between testing and quality, the quality of the product, its performance, and its reliability as these are the key factors while testing is performed. He emphasized on the elements on which quality fitness of textile industry is based such as - performance, reliability, durability, visual and perceived quality of the garment. It helps to understand customer needs, to maintain an adequate standard of quality which also costs effort. The speaker explained the process from the first investigation to find out what the potential customer for a new product really wants through the processes of design, specification, controlled manufacture and sale. Students, faculty and staff of ASFT attended the event.

### Amity School of Languages Organized Inter-School ‘Extempore Competition’

Amity School of Languages organized an “Inter-School Extempore Competition”. The event aimed to enable the students to improve their presentation skills, develop vocabulary and speech fluency and to boost their confidence. It also aimed to improve their public speech, presence of mind, confidence and to groom for their professions. Students from B.A. (Hons) English, B.A. (J&MC), B.Tech, M.A. (J&MC) and BBA participated in the event. Ms. Kritika Sharma of B.Tech (CSE) semester VII secured 2nd position, Ms. Vishakha Tiwari of B.A (Hons.) English semester I secured 3rd position and Mr Varun Asopa of B.A (J&MC) Semester I secured 1st position in the competition.

### Amity School of Languages Organized a Workshop on ‘Understanding Gender for Empowerment and Change: Women, War and Words’

Amity School of Languages organized an one-day interdisciplinary workshop on ‘Understanding Gender for Empowerment and Change’. The resource person for the event was Dr. Divya Saksena, Professor and Dean of Liberal Arts, IMS Unison University, Dehradun. The workshop aimed to expose students to a variety of issues and interdisciplinary approaches to the study of women and gender. Prof. Saksena discussed the vexing question of gender, which is important in shaping human experience and culture. The workshop focused on how gender intersects with class, ethnicity, religion, age and other categories of experience. Hon’ble Vice-Chancellor Dr. R.K. Pandey, Pro Vice-Chancellor, Dr. V.S. Dahima, Registrar Dr. S.C. Mukhopadhyay, HoI Amity School of Languages Dr. Indrani Singh Rai, along with the faculties and students attended the workshop.

### Amity School of Languages Organized ‘Social Outreach Program’ at Mother Teresa Home, Raipur

Amity School of Languages (ASL) and Amity School of Fashion Technology(ASFT) have jointly conducted a social outreach programme at Mother Teresa Home, Raipur. Students from both the departments and faculty members participated in this noble event for the sake of unattended and mentally disabled females. The home is governed by an NGO consisting approximately by forty females from 18 years to 90 years of age. The students of ASL and ASFT spent quality time with them providing few gifts related to basic hygiene. It was a successful event as it rendered the knowledge to the students about the challenges of life and the probable ways to overcome it thereby fulfilling their social responsibility.

## Amity School of Communication

### ASCO Organizes an Awareness Programme against Human Trafficking

Amity School of Communication organized an awareness program with ace journalist and social worker Mrs. Priyanka Kaushal. Human trafficking in India, although illegal under Indian law, remains a significant problem. People are frequently illegally trafficked throughout India for the purposes of commercial and sexual exploitation; and forced and bonded labour. Men, women and children are trafficked in India for diverse reasons. A significant portion of children are subjected to forced labour as factory workers, domestic servants, beggars, and agriculture workers ; moreover they have been used as armed combatants by some terrorist and insurgent groups.

While addressing the gathering Mrs. Kaushal talked in depth about the issue stating numerous hardships faced by victims and how even a small step and awareness can eventually save a person's life. The programme provided an opportunity to know the status of human trafficking and its reasons in India and worldwide. This programme invoked students to think about this burning issue. Director, ASCO gave his welcome address and Hon'ble Vice-Chancellor, AUC felicitated the guest. In the event, all students of Amity School of Communication were present. Vote of thanks was proposed by Director Public Relations, AUC.

### Observance of National Unity Day

Amity School of Communication organized a programme to observe the National Unity Day. Initiated by the Government of India in 2014, the National Unity Day is celebrated all over the country to pay tribute to the memory of Sardar Vallabhbhai Patel. Popularly known as Sardar Patel, he played a key role in unifying over 500 princely states to form the Republic of India. The programme commenced with the oath taking, where Mr. B.P. Pattnaik, Deputy Registrar administered the oath to everyone present. In his address Prof. (Dr.) S.C. Nayak, HoI, Amity School of Communication shed light on the

importance of the celebration of Unity Day for a diverse country like India. While addressing the gathering, Dr. S.C. Mukhopadhyay, Registrar Amity University Chhatisgarh talked about Sardar Patel's key role in shaping the Indian democracy and in unifying such a diverse country. To commemorate the occasion, students of the media school delivered moving speeches and performed cultural performance where they paid homage to the memory of the first Deputy Prime Minister, Home Minister and Minister of Information and Broadcasting Sardar Vallabhbhai Patel. The vote of thanks was delivered by Urvi Mishra.

## Amity Law School

### Law School Celebrates Human Rights Day

Amity Law School, Amity University Chhattisgarh celebrated Human Right Day. In this auspicious Occasion, the event was organized in the moot court hall, where, a discussion on the application of Human rights in day to day activities was held. Key speakers, Prof. (Dr.) Vijay Singh Dahima, Dy Pro-Vice Chancellor, Amity University Chhattisgarh and Prof. (Dr.) S.C. Mukhopadhyay addressed the gathering with valuable insights on the impor-

tance of human rights in regular routine of the public. The discussion inspired the students to think about application of the violation of several human rights in the obvious scenarios that goes unnoticed in the common eyes of the public. The populace is ignorant of their civil rights. The lack of knowledge regarding the basic rights has made them vulnerable to various overlooked exploitations.

#### Student's Achievement

Vyakhya Gomasta, the first year student of Amity Law school has been awarded with a silver medal and a certificate in the Women's Double Table Tennis competition in Virudhka XI ( Fest ) at NLIU Bhopal. Additionally, she has also won a silver medal and certificate in the Women's Futsul Competition in Virudhka XI ( Fest ) at NLIU Bhopal.

Abhinav Sharma and Om Hari Har Tiwari, the fifth year students of Amity Law School got their names mentioned for their extra-ordinary research work from Honorable High court of Chhattisgarh in the Land Mark Judgment of NISHITA SINGH v ABHISEKH SINGH TOMAR. PURUSHOTTAM and Others v. BABULAL and ors . Their extra-ordinary performances have helped in the land mark Judgment that has resulted in new development in the field of Law.

#### Activity on Crime scene Investigation

Amity Law school, Amity University Chhattisgarh conducted an activity on a crime scene investigation which is an important aspect of learning the investigation procedure and appreciation of evidence by the criminal justice instrumentalities. To facilitate real-time first-hand experience based learning, a case of homicide was fabricated and students were asked to seek some relevant evidences, and prepare maps and tentative inquest reports at the crime scene. This activity brought out a fresh perspective to the students and made them realize the importance of learning law in its practical application. Apart from preparation of maps and reports the activity catered the students with the ability to deal with the practical circumstances.

## Amity Institute of Biotechnology

### One day Workshop on “Virtual Labs”

Amity Institute of Biotechnology, AUC organised a one-day workshop on “Virtual Labs” in association with Virtual Labs, Indian Institute of Technology, Delhi. Virtual Labs project is an initiative of Ministry of Human Resource Development, Govt. of India under the aegis of National Mission on Education through Information and Communication Technology (NMEICT). The resource people for the workshop were Tanmay Das and Prateek Sharma from IIT, Delhi. The initial introduction about the Virtual Labs was given by Tanmay Das and the technical session was

covered by Prateek Sharma. The workshop was organised to familiarise the students about the working and the concepts behind virtual labs. The basic concept of Virtual Labs is to confiscate the physical barriers of infrastructure and cost input for conducting experiments for both research and academic purposes. The mentors demonstrated the use of Virtual Labs for various science and engineering related experiments. Prof. (Dr.) R.K. Pandey, Vice- Chancellor, AUC graced the occasion and congratulated the biotech institute for successful organisation of the workshop.

### AIB Conducted a Social Outreach Program to Kopal Vani

Institute Social Responsibility (ISR) cell of Amity School of Biotechnology organized a one day outreach program to the Kopal Vani School and donated groceries and other everyday necessity items there. Kopal Vani Sharwan Badhit Vidyalaya Middle School (KVSVMMS) is located at Raipur Dharshiwa Crc Kushalpur Sundernagar (M.R.S.H.M.S.) is one of the popular schools for especially abled children in India. The program commenced with a speech by Dr. Arunima Sur, faculty member AIB. Students of B.Sc., 3rd Semester of the Biotech school performed a mime – “Never Quit” which aimed towards motivating children who never quit in any condition. The students of the university interacted with the students of Kopal Vani School and learned sign language. The visit could successfully sensitised the students towards the hardships faced by especially abled children.

### Industrial Visit to Devbhog Dairy Industry

Amity Institute of Biotechnology (AIB) organised a lecture on milk processing and production at Devbhog Dairy Industry, Khumari, Raipur for processing, production and packaging. The experts at the site explained the various products’ production from the milk and its processes. The industrial visit also entailed a “Quality Assurance Lab” visit (Chemistry and Microbiology lab) to understand and learn various aspects of subject related to Food and Dairy Technology and practical aspects of the process which covers good laboratory procedures.

## Amity Institute of Biotechnology

### Industrial Visit to Devleela Biotech Research Lab

Amity Institute of Biotechnology (AIB) organised an industrial visit to Devleela Biotech Research Lab. During the visit, Mr. Anup Karmakar, a Scientist at Devleela Biotech, Raipur, interacted and shared his experiences. A formal introduction on basic techniques of Plant Tissue Culture was given by Mr. Anup and he explained all the steps in detail with the help of some plant samples, which have

already been grown and developed at the lab. He highlighted various aspects of tissue culture like, cleaning of glassware, media preparation, sterilization of explants, inoculation of explants into nutrient medium, sub culturing and hardening. Students have had the hands on experience in sub culturing of banana and bamboo saplings and visited the shed houses for primary and secondary hardening.

### AIB Conducted an Institutional Social Responsibility Camp

Four students from AIB participated for 8 days in mission "OPERATION SMILE". It is an international medical charity, headquartered in Virginia Beach that provides free surgical care to patients afflicted to cleft lips and palates. Apart from this, "Operation Smile" works as a Non-Governmental Organization to reduce the occurrence of cleft lips and palates worldwide. They organised a free surgery camp at Suyash Hospital in Raipur. The students participated in the camp for 8 days and helped in the successful organisation of the surgical camp. The students worked closely with the medical records and patient coordination team and performed activities that were essential for running the mission.

## National Service Scheme

### Volunteering for Free Cleft Lip and Palate Surgery Camp by NSS team of AUC

National Service Scheme (NSS) volunteers of Amity University Chhattisgarh participated in "Operation Smile" Raipur at the Suyash Hospital. Wherein "Inga Health Foundation" organized a Free Cleft Lip and Palate Surgery Camp. NSS volunteers of AUC played an important role as translators where they helped the Surgeons, Anaesthesiologists, Paediatricians and other non-medical volunteers thereby understanding the needs of the patients. They also worked closely with the medical records and patient coordination team and performed activities that were essential for running the mission.

### Awareness Programme for Single-Use Plastic and Cleanliness Drive

National Service Scheme (NSS) Unit of AUC organized a Cleanliness Drive and Awareness Programme for Single-Use Plastic in Tildadih village of Kharora, Raipur on 17th October 2019. NSS volunteers sensitized for single-use plastics to all villagers. Sarpanch of Tildadih village, Principle and Teachers of Govt. School praised the work of NSS volunteers of AUC. The drive was led by NSS Programme Officers, Dr. Arunima Sur and Jai Kishon Goswami under the guidance of NSS Programme Coordinator, Prof. (Dr.) Suresh Chandra Nayak

## Faculty Achievements

### Faculty Awarded for Creativity and Innovation

Dr. Prasanna Kumar Sharma, faculty member ASET, AUC was Awarded “Dr S P Radhakrishnan National Teacher’s Award” by Anusuchit Jati Vikas Parishad Chhattisgarh and GlobalAward 2019 for excellence in educational services on “Distinguished Professor” under category HEI Professor by AUROPATH, a unit of Auro Service Trust Puducherry India. The award was presented by Honb. Chief Minister Chhattisgarh, Mr. Bhupesh Baghel in presence of Minister of Higher Education Chhattisgarh, Mr. Umesh Patel for creativity, innovation and remarkable contribution in the field of Education.

### Faculty Awarded with BhasaSamman 2019

Head of Institute, Amity School of Communication, Prof. (Dr.) Suresh Chandra Nayak has been conferred with the “BhasaSamman 2019” by Surya Sansthan, Delhi at Viswabharati University, Shantiniketan. On receiving this honour, Professor Nayak expressed his gratefulness and thanked the organizer for choosing him for this prestigious award.

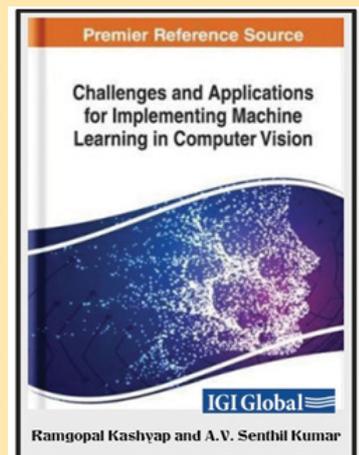

### Faculty Receives Award from Institute of Engineers of India

Dr. Ravikant Singh, Head of Institution, Amity Institute of Technology, AUC has received an award on the occasion of Technical Talk- Creating Wealth from Wastes by the Institution of Engineers of India, Chhattisgarh State Centre, Raipur.

### Faculty Publishes an International Book

Dr. Ram Gopal Kashyap, faculty member AUC published an international book titled ‘Challenges and Applications for Implementing Machine Learning in Computer Vision’. The book is a collection of innovative research that combines theory and practice on adopting the latest deep learning advancements for machines capable of visual processing. Highlighting a wide range of topics such as video segmentation, object recognition, and 3D modeling, this publication is ideally designed for computer scientists, medical professionals, computer engineers, information technology practitioners, industry experts, scholars, researchers, and students seeking current research on the utilization of evolving computer vision techniques.

## POETRY

When I'll be a mother,  
I would tell my daughter that humans are giant crea-  
tures,  
they have reduced their number for being peace with  
the reek of sadness,  
There beauty of existence has reduced to statistics,  
And this spectrum is like a history now,  
I would tell her, I dont desire desire you to burry your  
presence in graves with affliction yet strive to show as  
reaching thousand miles way,  
I pray for her to dig out the countless sources and im-  
agine power on her hands,  
I would tell her to be superior, detailed with realisations  
and stronger to strive.  
She would scream when there will be a domination for  
the scattered dreams and falls.  
But I would compile her to be the bonfire in multi phas-  
es for the number of times she breathes, she breathes  
boldly.

“A New Sunshine”

I watched the sun rising, blooming and glaring,  
my droopy eyes, with a tinge hopeful tries;  
Waiting for me to rise and shine, before the end of illumi-  
nating lights;  
Staying still under the roof, I watched the sun like a goof;  
Still captured in the surrounding's darkness, and a bunch of  
troubling nightmares;  
I saw the sun giving hope, light, life, But for me, I never  
felt that I'm even alive;  
All the fears present were now screaming on my mind, but  
the sun left a gleam of hope shined;  
A wave of courage flew through my life, which sign that I  
can survive;  
Again the day and the night has arrived, but this time there  
was new hope that no-one recognized.

**My mission is nation building  
through education and beyond.**
